

August 9, 2006

NOTICE: Tangelene distributors, veterinarians, and friends.

Cuprem's Tangelene Veterinarian product division is to be discontinued. After 4 years, we've concluded that our business model is not viable.

During the past four years many marketing concerns have been brought to our attention. Although we believed our idea was sound, sales of Tangelene products have not justified their continuance.

The majority of the formulations will be discontinued; however, a few will be sold or moved over to Cuprem's O.T.C. division. Products moved over may carry the Tangelene name, but will be available to everyone.

The discontinuation of the Tangelene Veterinarian division will have no effect on other Cuprem operations.

Cuprem and its staff would like to thank you for your past business, and look forward to assisting you with your future animal health needs.

If you have Tangelene products you would like to return for full credit, please do so within the next 60 days.

Sincerely,

Arwin V. Mulford  
Cuprem, Inc.
